A note from Chef Katie:

Thank you for dining at the Wallace House tonight. I want to share our core food values and beliefs with you because I think these set us apart from many other dining options:

- Our menus directly connect to our garden, land, and historic sites
- We offer seasonal, house made dishes using quality ingredients
- Using local sources support Iowa's family farms & small businesses

We embrace local food and sustainable agriculture. Sourcing fresh, seasonal ingredients locally results in tastier, more nutritious food and showcases Iowa's ability to produce high quality ingredients. Farm to Table Thursdays connect you to our garden, land and historic sites and to other members of the local foods community.

Ingredients from the Henry A. Wallace Country Life Center farm:
